

Injection Screen

From the Clock Screen, choose the Exam screen. Once in the Exam screen, choose **MP** from the right side of screen.

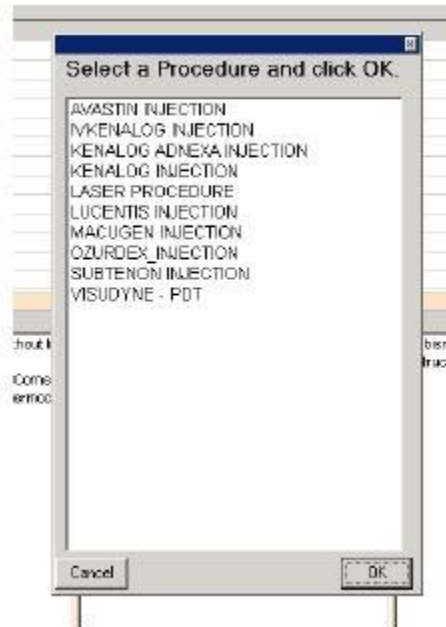

From the Minor Procedure Screen, choose **INJECTIONS-PROCEDURE**.

When the list opens, choose the injection to be performed and **OK**.

The Time Out Screen opens, if it is used by your clinic. Fill it out, choose the procedure and the eye. Then choose **NEW VERIFICATION**. If this has already been performed, choose **ALREADY DONE**.
